## The Los Angeles Pediatric Society Annual Spring Meeting and Parmelee Lecture

### All Mixed Up: Gender Variant Behavior, Separating Fact from Fiction

**Format** - Meeting format will be lecture with case presentation. Speakers will also utilize role play to demonstrate communication techniques with patients and parents of various cultural backgrounds. A round-table question and answer session will conclude the meeting.

**Target Audience** – Pediatricians

Lay persons, counselors, teachers, parents are welcome to attend.

## Speakers

### Marvin Belzer, MD

Associate Professor of Clinical Pediatrics and Medicine, Keck School, University of Southern California, (USC), Los Angeles CA; Associate Professor, Division Adolescent Medicine, Childrens Hospital (CHLA) Los Angeles, CA

Dr. Belzer is an Adolescent Medicine physician who specializes in the care for youth with HIV, transgender youth, and youth with chronic fatigue. Dr. Belzer is an internationally recognized leader in the field of transgender care for youth. In addition to providing information all over the world, Dr. Belzer has also appeared on MSNBC to educate audiences about the needs of transgender youth.

### Catherine Forbes, PhD

Clinical Psychologist, Behavioral Services and Risk Reduction Program, Division of Adolescent Medicine, CHLA, Los Angeles, CA

Dr. Forbes specializes in providing mental health services to transgender youth, including co-creating and leading a unique therapy group for both Male to Female (MTF) and Female to Male (FTM) identifying youth. In addition, she is involved in a multitude of other adolescent health related training, consulting and research activities, including supervising the development, implementation, and evaluation of a CDC-funded HIV prevention program designed specifically for transgender youth.

## Program

6:00 pm Welcome Reception  
6:45 pm Banquet  
7:15 pm Business Meeting  
*There will be a short business meeting for the election of officers.*  
7:30 pm **All Mixed Up: Gender Variant Behavior,  
Separating Fact from Fiction**  
9:00 pm Questions and Topic Discussion

## Program Objectives

At the completion of the presentations the attendee will:

1. Define "Gender Variant Behavior."
2. Identify "normal" and/or "abnormal" gender variant behavior from childhood through adolescence.
3. Refer patients for specialist care based on specific criteria.
4. Communicate appropriately and comfortably with patients and their parents/guardians of different cultural backgrounds.
